

PIERRE MONTEUX

Maestro Pierre Monteux, a central figure in the evolution of 20th century music, served as music director for the San Francisco Symphony from 1935 to 1952. Pierre Monteux infused the Orchestra and its audience with a sense of excitement and excellence in music. In gratitude for his extraordinary contributions, we honor his legacy through the Society that lives on in his name.

THE PIERRE MONTEUX SOCIETY

The Pierre Monteux Society is a distinguished group of patrons who, through their visionary philanthropy, have made a commitment to ensuring the Symphony's future by remembering the Symphony in their estate plans.

Planned gifts can be outright gifts of complex assets or deferred charitable contributions made through a will, trust, or life income plan such as a charitable gift annuity or charitable remainder trust. Members are invited to the Society's Annual Celebration and acknowledged in Symphony publications. Of course, you may also choose to remain anonymous.

If you are interested in leaving a legacy with the Symphony, the Gift Planning program can provide further information about the Pierre Monteux Society or ways to include the Symphony in your long-term financial and philanthropic plans.

Please contact David Zhang, Director of Gift Planning, at 415.503.5445 or dzhang@sfsymphony.org to discuss these opportunities.
