

PIERRE MONTEUX SOCIETY

The San Francisco Symphony expresses its deep gratitude to the following patrons who have contributed to the Orchestra's future through a planned gift. Society members who create legacies through a bequest, life income plan, or other type of planned gift help strengthen the financial future of Symphony programs for generations to come. We recognize these devoted and visionary patrons as members of the Pierre Monteux Society.

As Music Director from 1935 to 1952, Maestro planted the seeds of inspiring music, world prominence, and innovative programming that continue to this day.
